

Updated November 2023

Sadly, we have now sold out of point of lay hens for this year. We will have our next point of lay hens available in April 2024 and you are welcome to drop us an email saying you would like to be notified when we have the exact date, as understandably the hens do sell out quickly.

All year round, we can supply:

- Automatic drinker £12
- Hen food (£14 per large 20kg sack layer pellets)
- Large plastic wrapped bale of chopped bedding (£14)
- Large bag of straw (£4)

Thanks.

Further details on hens further down the page...

The cost of your eggs

On average, a hen eats around 200 grams of pellets a day, so 3 hens would eat 600 grams a day, meaning that a 20kg sack of pellets would last them one month. Over 52 weeks that works out about £3.50 a week in feed to keep 3 hens, in return for 1 ½ dozen eggs.

A note about point of lay hens (POL)

Hens reach point of lay between the ages of 16 and 22 weeks. Some take far longer to start laying and hens are affected by many factors such as the weather, being moved etc. Remember, the old saying "***all the eggs will eventually come out***" ...

Hybrid hens £20.50 each

(Pied, Cou Cou, Black Rock, Barred Rock, Rhode Rock, Sussex Ranger, Silver Ranger, White Leghorn, Maran Cuivre, Calder Ranger, Speckledy, Corals, Blues etc).

Not all colours are available on each batch.

Hybrid Hens pastel colour eggs £25.50 each

Important: The gene that makes the egg shell blue is not guaranteed to be inherited so egg colour is likely but is not 100%.

We try to offer a range of coloured hybrid hens, because most people who want to

keep a few hens prefer to have differently coloured hens. Hybrids have been bred to lay over 300+ eggs a year – all year round!

Sexed Female Chicks

Day-old sexed chicks (all females), which are vaccinated and will grow into the same adult hybrid laying hens that we sell. But you get the pleasure of watching them grow, knowing they will be girls. We have different colours available (*please see our separate leaflet on raising chicks – it is quite easy!*).

(Sold out)

Pekin Ducklings

Sexed Pekin ducklings available. A dual-purpose breed ideal for the table at 10/11 weeks or females lay around 200 massive eggs a year.

(Sold out)

Fertile Hatching Eggs

Available late February to end October

(See our Hatching Eggs page)

WE ARE NORMALLY AVAILABLE FOR HENS 7 DAYS EVEN BANK HOLIDAYS!

 Always call first before visiting
