

The cost of your eggs;

On average, a hen eats around 200gm of pellets a day, so 3 hens would eat 600gm a day, meaning that a 20kg sack of pellets would last them one month.

Over 52 weeks that works out at £1.95 a week to feed 3 hens, in return for 1 ½ doz eggs.

Hatching Eggs

Pure Breeds £1 each

Hybrids 50p each

Blue eggs 75p each

Barling Poultry Birds for sale

Black Rocks £18

(Black with a green sheen, some bronze flecks neck markings - brown egg layer)
(Bred from crossing the Rhode Island Red and Barred Plymouth Rock. The breed originated by Peter Siddons in the East of Scotland, but the parent stock have recently changed hands and none are available until 2010/11. The Black rocks we have available are the same crosses but do not originate from Scotland).

Blacktails £18

(Light brown/ginger hen traditionally used in battery farms. Lays a brown egg).

Amberlinks £18

(Black bird with white flecks in neck. Lays white, cream or brown egg).

Sussex Ranger £18

(White bird with black flecks in neck. Lays a cream or brown egg).

Bluebirds £18

(Dark Lavendar coloured bird. White, cream, brown or dark brown egg).

Maran Cou Cou £18

(Black and white spotted bird. Brown or dark brown egg).

Note: *All hens are friendly and easy to tame varieties. They are supplied having been vaccinated and reared free range.*
