

Plastic Bases for Houses & Runs

These plastic grids measure 50cm x 50cm and easily clip together. **Just £3.50 per grid!!**

They are ideal for making instant sturdy bases for chicken house and runs. Fox proof – as they prevent foxes digging their way up under houses/runs. Also great for shed bases, driveway areas etc. Can be filled with soil/grass seed, pebbles gravel or even concrete.

These grids are fantastic to lay an instant path to your hen house to make it much easier during the wet muddy winter.

Can arrange local delivery (contact us with postcode for prices).
