November 2026

Sadly, we are now sold out of POL hens. Our next batch will be available for sale in April 2027.

These will sell out quickly so you are welcome to email us your details and we can add you to the waiting list. We are NOT able to hold them and so it is first come, first served.

Best way to contact us is to drop us an email/WhatsApp or text message with your contact details, as I don't always answer the telephone, when busy.

STRICTLY BY APPOINTMENT ONLY.

All year round, we can supply:

- Hen food (20kg sack layer pellets, mixed corn etc.)
- Large plastic wrapped bale of chopped bedding
- Sacks of wood bedding
- Large bag of straw

ITEMS FOR SALE

We have 3 very sturdy, wooden chicken coops that need some TLC but still have plenty of life left in them for sale.

£50 each

Cup Drinkers (20 inches high x 15 inches wide) £30.00

The cost of your eggs

On average, a hen eats around 200 grams of pellets a day, so 3 hens would eat 600 grams a day, meaning that a 20kg sack of pellets would last them one month. Over 52 weeks that works out about £4.00 a week in feed to keep 3 hens, in return for 1 ½ dozen eggs.

A note about point of lay hens (POL)

Hens reach point of lay between the ages of 16 and 22 weeks. Some take far longer to start laying and hens are affected by many factors such as the weather, being moved etc. Remember, the old saying ***"all the eggs will eventually come out" …***

Brown Hybrid hens, lay brown eggs (*Sold out)*
Traditional brown laying hens.

White Hybrid hens, lay white eggs (*Sold out)* Hybrid white laying hens.

Sexed Female Chicks (*Sold out)*
Day-old sexed chicks (all females), which are vaccinated and will grow into the same adult hybrid laying hens that we sell. But you get the pleasure of watching them grow, knowing they will be girls. We have different colours available *(please see our separate leaflet on raising chicks – it is quite easy!).*

Pekin Ducklings (*Sold out)* Sexed Pekin ducklings available. A dual-purpose breed ideal for the table at 10/11 weeks or females lay around 200 massive eggs a year.

Fertile Hatching Eggs
Available late February to end October
